Dear guests,

A very warm welcome to **SYNAESTHETIX #1** in the context of **ACCESS TO DANCE** in Munich!

JOINT ADVENTURES - Walter Heun connects international and local scenes within the framework of **ACCESS TO DANCE**, but also cooperates on a regional and national level, so that artistic sustainability and continuity are promoted. The special profile of this model also results from the deliberate concentration on topics of current artistic, cultural, socio-political and historical relevance. New cooperation partners and multipliers are constantly being sought and existing partnerships are being expanded.

It is our aim to make **ACCESS TO DANCE** as sustainable as possible. Therefore we would like to invite you to join us in saving resources to reduce the impact of our event on the environment. Our venues are all accessible by public transport (MVV). In addition, there are numerous opportunities to borrow an e-scooter or a bicycle to get around. Bring a reusable drinking bottle: Munich tap water is one of the cleanest in Europe! Besides tap water, you will find free refill stations for on the go at Refill Munich. In many shops in Munich, you can use deposit cups from RECUP to avoid garbage. With the RECUP App you can find all participating stations in your area.

We have compiled further helpful information to make your stay in Munich as comfortable as possible! If you need any further assistance, please contact us, we are happy to help!

We are looking forward to welcoming at this year's edition of **ACCESS TO DANCE**!
